

HEROES DAD & SON OUTBACK ADVENTURE CAMP

FREQUENTLY ASKED QUESTIONS

Here's a list of Frequently Asked Questions that can hopefully help prepare you for an AWESOME time.

What should I bring to the camp?

A must is an open heart to learn. The rest of the packing list will be given when the date draws nearer.

What other activities are there on the camp grounds?

We have a very exciting and fun packed program planned for you. But at the Free & Easy slots, there's the river stream where you can catch some little fish or 'mandi sungai'.

How many campers are there joining this camp?

The camp is limited to 10 pairs of dads and sons.

Can I bring both my sons with me?

The camp is designed to help dads to bond with each son individually. Having 2 sons together will definitely change the dynamics and may not reach this objective. We would recommend taking one son at a time. This will make the getaway something for each son to look forward to.

Will the camp be similar to the previous year's camp?

The camp content will be similar to previous year's but with some enhancements here and there. However, with every camp, it is always different because of the different participants that sign up for the camp, making the dynamics always interesting.

What is the registration process?

We'll try to make it easy-peasy for you. Just fill in your details in the registration form and submit. Then, 'Add to Cart' and make payment.

What is the camp investment rate?

The investment rate is RM450 (dad + son) and includes the following

- 2D/1N Experiential Program for Dad & Son
- Accommodation under the Stars! (Bring your own tent).
- But if you don't own one, not to worry ... you can rent for additional RM30 (first come first serve basis)
- 1 breakfast, 1 lunch, 1 dinner
- Heroes Team workbook
- Heroes Dad & Son Certificate
- Priceless memories for a lifetime!

Is the food served halal?

For the comfort and convenience of all campers, we will not have pork/lard/alcohol in all the food.

What kind of medical expertise is available at the camp?

The staff at the campsite and the Chief Igniter himself have First Aid certification by Academy of Safety and Emergency Care.

How do I encourage a reluctant child to attend this camp?

Firstly, we can't stress enough about how important it is for a child to first be willing and excited to come for this camp. It will help if dad makes a point to build up the excitement getting closer to the camp. Do make an effort to arrive early as it will help him feel at ease when he has a chance to settle down before the program begins.
